OUR Almighty GOD

Trinity: Though the actual word is not used in the Bible, the truth of God revealing Himself in three persons is included. The Father, Son, and Holy Spirit are all called God, given worship as God, exist eternally, and are involved in doing things only God could do. Although, God reveals Himself in three persons, God is One and cannot be divided. All are involved completely whenever One of the Three is active.

Omniscience: "Our mighty God possesses perfect knowledge and therefore has no need to learn. God has never learned and cannot learn." Omniscience means all-knowing. God knows everything, and His knowledge is infinite. It is impossible to hide anything from God.
