WORLDVIEW UGANDA

The majority of the Madi people live in a subregion of northern Uganda called the Adjumani/Moyo district. They have a great hunger for the Word of God. Five Madi pastors are partnering with WorldView ministries to get an accurate copy of God's Word in their own language. They underwent training for two years including Green and Bible translation philosophy. Pray for Pastor Tzama, Thom, Marchelo and Dominic as they are now serving full time as WorldView Translators. The goal is to have the translation of the New Testament by 2020. The people of Bible Baptist Church are a part of this great endeavor! Our support will help enable these people to have a copy of the Word of God!

We are the Williams family Richard, Melinda, Isaiah, Isaac, Isabel, and Ileana. We are church planting missionaries to the country of Wales. I graduated from Massillon Baptist College in 1999 and for seventeen years I was a full time Youth and Associate Pastor. In 2010, we began to feel the call of God to go into full-time missions. After much prayer and the Lord's

leading, God placed a burden on our hearts for the people of Wales. We left our full-time pastoral position in June of 2015. We have been on the road ever since raising the monthly support needed for us to move to Wales and begin church planting. We will be ministering alongside veteran missionaries as well as partnering with a Welsh national Pastor to plant self-supporting churches in the Conwy Valley.

Scripture Memorization will be the next bimonthly focus.
