

April 21, 2024 **freshstart**

The life of Jesus Christ on earth was approximately thirty-three years. The first thirty years we only know of a few things about the Saviour. Most of His life is focused on a three year period when Jesus began His public ministry.

Imagine that is just a little over a thousand days Jesus went from being an obscure Jewish man to becoming the central Figure in history! Approximately thirty-six months of His life ignited a Spiritual awakening and movement that is still going strong 2,000 years later.

Jesus radically changed humanities' view of God Almighty and of each other.

The Bible shows us over and over that there is no command, doctrine or gift that humans cannot misuse, misuse or misunderstand.

The law not only set the standard for true righteousness, but also clearly revealed how desperately we needed a Saviour. Mankind has a tendency to turn the commands of God into a rule obeying contest and they expected the Messiah to be a master rule follower Himself.

Jesus Christ focused on a relationship with God and obedience out of love for God. He saw the hypocrisy of individuals who used God to manipulate and get personal gain.

If we are ever to have a Fresh Start - it must begin with a relationship with God & His Word!
